Monthly Update for September 2018

Each month, this update will bring you an overview of what has been going on in each of Hope Mission's Ministries. We hope you enjoy this update. And if you have any suggestions, comments or questions, please send them to us using the contact form on any of our websites.

Hope Mission

Just like all of you we suffered through Hurricane Florence. While we did close down to the public for a while due to the storm, we stayed in the kitchen with the men and women from the recovery system and the men from the shelter. The women in the women's shelter were able to safely stay at their house and come to the mission for hot meals once the storm was over.

On Monday September 17, 2018 with just our generators running we were able to open the mission to the public again. We served 477 meals while we operated on generator power alone.

In the aftermath of the storm Pastor Gene McLendon and a group of volunteers from Hope Recovery Homes along with some groups throughout our community worked tirelessly to help clean up the devastation left by Hurricane Florence.

To see more of how Hope Mission helped in the aftermath of Hurricane Florence visit our website www.HMCM.org and be sure to like us on Facebook at <https://www.facebook.com/HopeMissionofCarteretCounty/>

Hope Mission Thrift Store

Since the community helped us open our store we wanted to give back in the time of need. We opened our store to allow families who had lost clothing in Hurricane Florence come in and get whatever they needed.

We plan to reopen the store to the public on October 1, 2018. Be sure to come out this week to show your continued support for the stores! We know we couldn't do anything without our amazing customers!

For more information on our store visit our website at www.HopeMissionThriftStore.org and visit our [Facebook](#) page to catch all the deals.

Upcoming Events

Hurricane Florence Give Away

October 1-5, 2018

We will have a tent set up and be giving away items to those affected by hurricane Florence. Items include clothing for adults and children, food, and cleaning supplies. This is while supplies last.
